SUMMARY

I am a highly enthusiastic tech geek pursuing third-year in computer science and engineering with passion towards software development. I have a proven ability to deliver scalable and user-friendly solutions while effectively collaborating in teams. I am dedicated to staying updated with the latest technologies and have strong communication and interpersonal skills. I am passionate about leveraging technology for impactful solutions.

EXPERIENCE

Web Development Intern
Paras Group Industries   **August 2023 – October 2023, Remote**
· This marks the beginning of my first paid internship.
· Led front-end development with HTML, CSS, and JavaScript for an intuitive user interface.
· Created and integrated interactive features with JavaScript.

Web Development Intern
The Sparks Foundation   **October 2022 – November 2022, India**
· Built and sustained web applications using HTML, CSS, JavaScript, and other associated technologies.
· Executed responsive design and verified cross-browser compatibility.
· Engaged in code evaluations and provided constructive feedback to other developers.

PROJECTS

Career Cruiser
Personal Project · March 2023 – March 2023
· Job searching app built with React Native.
· Utilizes Jsearch API from Rapid API for job details.
· User-friendly interface and easy navigation.
· Convenient way for job seekers to browse and apply for jobs on mobile devices.

AI news application
Personal Project · February 2023 – February 2023
· News app built with React and ALAN AI.
· Fetch news using voice commands instead of typing.
· ALAN AI processes commands and fetches relevant news articles.
· News displayed in visually appealing and user-friendly format.

Travel Consultant
Personal Project · January 2023 – January 2023
· React-based advanced Travel Consultant application.
· Utilizes Google Maps API for map display.
· Users can search for hotels, restaurants, tourist sites, and points of interest.
· Map displays markers and images for searched places.
· Convenient and enjoyable experience for travel planning and exploration.

EDUCATION

Bachelor of Engineering – BE, Computer Science
Panimalar Institute Of Technology · Chennai, TamilNadu · 2025 · 8.89
